FCA CHAMPIONSHIP SUITS

The team has approved the purchase of technical suits for those swimmers who have qualified for Junior Olympics, Senior Championships, and Zones. While the coaches believe that purchasing a new Team suit is more than sufficient for these meets, if you choose to buy a championship suit you must do so on your own. The Team has approved the following suits. **No other suits or colors are acceptable.**

The team has approved the following suits. No other suits or colors are acceptable:

- Female: TYR Fusion2 Aeroback Tank NAVY (approximate price \$70 + tax)
- Male: TYR Fusion2 Jammer NAVY (approximate price \$60 + tax)
- TYR Fusion2 Racer NAVY (approximate price \$40 + tax).

Please note that these suits can ONLY be worn at championship meets--not at meets held during the regular season. The suits cannot be printed with FCA because it compromises the fabric. These suits tend to run smaller than the team suits, so we urge you to have your swimmer try one on before purchasing it. To order, we recommend our team suit supplier, Toad Hollow (phone: 610.640.0594) or contacting TYR directly at tyr.com. As an alternative, you might want to consider purchasing a new team suit in a size smaller than you normally purchase.
