When it comes to meets, FCA staff operate under the assumption that your swimmer(s) will be attending each meet they are able to under the rules for each meet. If you cannot attend the meet or can only attend certain days, you must complete the electronic decommit form prior to the deadline. If you do not complete this before the deadline, you will be entered into the meet and charged the appropriate amount of meet fees.

Payments will be submitted online through our registration platform or via check. Failure to submit payment for swim meets in a timely manner will result in the coaching staff not entering your swimmer(s) into future meets and/or future team registration.
